

Hi, my name is Maggie Reynolds. I am a sophomore at Bethlehem Central High School and a swimmer on the Delmar Dolphins. I have been swimming on the Dolphins since 2010. I have attended all short course and long course championships since then as well as many many smaller meets in between. I have also attended short course age group Zones twice and have enjoyed being a member of the larger Adirondack swimming zone team. Outside of the pool, I enjoy playing the piano, spending time with friends, going to the beach, playing with my dust bunnies and feeding my pet unicorn.

A vote for me means swimmers will have a voice on the Adirondack swimming board. I would advocate for more opportunities for distance events for the younger swimmers. I would fight for more relay offerings at meets during the season and more relay choices at championship meets. I would also work with the board to help accomplish the goal of building the Adirondack Aquatic Center through fundraising and public support. And I will make sure the Jolyn truck comes to every one of our meets.

Thank you.
